A SOLUTION THAT CAN GROW WITH YOUR BUSINESS

The DP450™ digital mailing system helps you move your mail faster. With innovative technology and features once available only in premier systems, the DP450™ mailing system gives you the capabilities of a fully functional mail center - all packed into a convenient space-saving design. A durable automatic feeder makes it easier to handle large mailings and get them out more often. Speed up your mailstream, improve accuracy, and take productivity to a whole new level with the reliable DP450™ mailing system. A perfect fit for almost any growing business.

Simplify Mailing with IntelliLink® Technology

A powerful digital gateway, IntelliLink® technology keeps you connected with the very latest in mailstream management innovation. It provides you with easy access to a full range of USPS® mail services as well as superior tools for mail management. Through the IntelliLink® Control Center, you can receive postal rate updates, software upgrades, postal inscriptions and graphics. And, it can be configured to grow with your business needs.

Best of all, IntelliLink® technology is powerful without being complicated. Its user-friendly control center takes even the most inexperienced operators through system set-up and processing functions, showing the expanded 8-line graphics display. The system's memory can store up to 10 routine jobs for quick handling and greater productivity.

Get Convenient Access to Special Services

With the DP450™ mailing system, you can eliminate the need for time-consuming trips to the Post Office. And through IntelliLink®, you can maximize your mailstream.

- All rate selections are made through the control center and automatically updated. Weighing options include USPS® domestic and international rates to help select the most effective and economical rate.
- Postage rate changes occur with a simple download without having to replace a rate chip.
- Get USPS® and Carrier Payment Solutions including pre-pay for postage, postage advance, or earn interest on the balance in your Reserve Account.
- Online access to your account information enables you to order supplies, request service, pay bills online and more.

Manage and Track Mailing Costs

It is crucial for any growing business to account for postage expenses, and reduce them whenever possible. The DP450™ mailing system integrates with Business Manager, a PC-based accounting solution for even greater functionality.

- Track postage expenses for up to 50 accounts with options to expand to 300. Data can be printed or exported to a PC.
- Expanded accounting options to increase tracking and reporting capabilities up to 1,500 accounts.

Add USPS® special services, including Delivery Confirmation™ and Signature Confirmation™, e-Certified and e-Return Receipt to bring value added services to your office.

DETAILS - DP450™ DIGITAL MAILING SYSTEM

1. Automatic Feeder with Wide Feed Deck
Envelopes are fed straight to help ensure postage is applied square, guarding against wasted postage. Wide feed deck handles material up to 5/16" thick with sizes ranging from postcards to 11" x 13" flats.

2. Streamlined Processing
Automatic feeding, sealing, and imprinting postage up to 120 letters per minute, gets the job done quickly and efficiently.

3. Tip-to-Tip Sealing
Pressure and transport rollers work together to provide a positive seal and protect envelope contents.

4. Built-in Tape Dispenser
Built-in dispenser houses strip tape to be dispensed.

5. Integrated Weighing
Saves space and easily processes individual, oversized pieces by determining the correct postage. The integrated weighing platform handles up to 10 lbs.

6. Control Center with Dedicated Functions Including Internal Rating Function
All rate selections are made through the control center and updated automatically. Select the most effective and economical postage rate.

7. Drop Down Deck For Complete Access
Simplifies access to the feed path making it easy to see your envelopes or mailpieces.

8. Digital Meter Indicia
Satisfies all current postal regulations.

9. Efficient 4" Stacking Tray
The 4" stacking capacity holds envelopes and neatly stacks them for optimum productivity.

10. Convenient Space Saving Design
Full featured machine with compact footprint is designed to meet the needs of a growing business.

GIVE YOUR BUSINESS MORE MAILING MUSCLE

The DP450™ mailing system is an integrated solution with large-mailroom capabilities. Designed to be stress-free, this unit provides multiple options, easy-to-use features and allows you to complete mailings of almost any size.

Use your mail to advertise. Add a personal touch with a custom message or choose from standard ads and inscriptions. You can transform everything from regular correspondence to your invoices and bill payments into eye-catching marketing communications.
